Learning English for a Better Future

Welcome!

The Globe English Centre is a very special place. I have enjoyed running this school in the beautiful city of Exeter since 1978.

Exeter, the capital city of the county of Devon, is 2h15 from London and 20 minutes from the sea! It is very popular with British and foreign tourists, thanks to its rich mixture of culture, beauty, charm and proximity to some of the best beaches in Britain. Exeter combines the excitement of a large city with the friendliness of a close community and is surrounded by spectacular countryside. It is also one of Britain's safest cities, helping to make it the ideal location to combine learning a language with making new friends.

The Globe English Centre offers:

- Small, intensive classes
- An excellent choice of courses
- Expert teaching
- A friendly, relaxed atmosphere
- Personal attention
- A pleasant and safe environment in the city centre

You can improve your English for work, studies or simply for pleasure. You can learn about different cultures, make rapid progress in English, meet new friends and have a wonderful time while building for the future.

Come and join us — we look forward to welcoming you!

Accommodation

Host Families play a very important part in the success of our students' stay. They provide the best opportunity to learn about British culture and make more progress in English. People enjoy sharing their lives and interests with their foreign guests.

Your Host Family

We choose your family from the details on your enrolment form. It is very important that you write your requirements clearly. Students of the same mother tongue are not placed with the same family unless they request to stay with a friend.

Students have their own heated room with a writing table and are offered breakfast, packed lunch and evening meal. Cooked lunches can be heated up at School. Some students prefer to eat in local restaurants, but will be charged the normal rate. Families will offer to do some light laundry on a weekly basis.

We select our families for the comfort of their homes, their kindness and the quality of their welcome. Many of our families are personally known to our staff. Families are within a walking distance of approximately 30 minutes/2.80 kms and on a bus route.

Our families follow the English UK Code of Practice in accordance with the British Council and British Authority recommendations. Executive families guarantee a higher standard of accommodation and welcome. Private bathrooms must be requested if required.

If a student has any difficulties or problems with their host family, we will do our best to improve the situation and are prepared to change the host family, if necessary.

Hotels

Popular with British tourists, Exeter and the surrounding countryside offer a wide range of country hotels which we are happy to recommend and reserve for you.

Apartments

The Globe has access to a number of self-catering apartments in the City centre as well as 2 apartments on the School campus. Some are suitable for families and all offer the basic comforts. Heating, electricity, linen and television are included.

Methodology and Teachers

Our adult programmes have a maximum of 6 students per class. This ensures that teachers give our students personal attention. Your individual language needs are always considered. You are able to decide on a study plan together with your teachers and the other students in the group.

Teachers

All our teachers are native speakers and trained in teaching English as a Foreign Language. Dynamic and approachable, they are expert in motivating students and identifying their needs. They generate interest in lessons with the latest teaching techniques perfected in our regular training sessions.

The First Day

On the first day of the course, all new students are given a language level test, an interview and placed in the appropriate class.

Students will also be shown a short video about living and studying in Britain, followed by a tour of the school and an presentation of the course and Social Programme.

Classes start at 13.30 on Monday (or 11.00 when possible) for 28+ lesson programmes and at 9.00 on Tuesday for Main Programme.

The Course Director meets all students at the end of their first week to see if they are satisfied with their class level, accommodation and programme in general.

Levels

We have courses at all levels, but on the very rare occasions when we have only one student at a particular level, we reserve the right to provide a reduced number of One-to-One lessons (60%).

Progress Testing

Students take a progress test on the first Monday of every month during class hours, followed by a tutorial with the Course Director to assess their English and to advise them on areas for further study. All students receive a written assessment of their progress at the end of their course.

Learning and Homework

Homework is set daily and we recommend you take advantage of our Self-Study Centre (see p.5) to consolidate the work done in the classroom and further improve your language skills. You can benefit from the latest computer software, up-to-date books, audio equipment, a library of readers, videos and DVDs. Our Self-Access Tutor can advise you on the best materials for you.

To make as much progress as possible, we advise you to practise English both in and out of class, with other students, your host family and British people.

Examinations

If you would like to take an internationally recognised English examination for your professional life, entrance to a British university or personal satisfaction, we can advise you on the best examination to take. We will help you with your application and teach you examination skills and strategies, so that you are as well prepared as possible. See pages 12 & 13.

Certificates

At the end of your course you will receive a Globe English Centre Certificate of Attendance and a written report on your progress, to include an assessment of your abilities and advice on further study.

Intensive Courses – Main Programme

On the Main Programme you will develop your ability to communicate effectively in English. You will practise all four skills - listening, speaking, reading and writing - and expand your knowledge of vocabulary and grammar. Expected Progress On average students move up four Globe levels during an academic year. If a student comes to us as a 'Beginner' we would expect them to reach 'Upper-Intermediate' by the end of the year. However, this is only a guideline. Not all students progress at the same rate.

To enter British Universities and Colleges, students are usually required to have reached at least FCE or IELTS score 5.5. For guaranteed entry students need CAE or CPE, or equivalent IELTS score.

Cambridge

PET Cambridge Preliminary English Test. Level: Lower Intermediate. Covers all 4 skills and tests learner's ability to communicate in English in real situations.

FCE Cambridge First Certificate in English. Level: Intermediate / Upper Intermediate. Competence in all areas of English with a wide vocabulary and ability to communicate in a range of situations.

One-to-One and Closed Groups

These courses are particularly useful for students who need to make rapid progress in a very short time, or for students who need English for specific purposes, for example work-related English, preparing a business trip or presentation.

One-to-One Courses

Your teacher will work in co-operation with you to design a course to exactly suit your needs. We encourage you to bring any materials in connection with your studies or profession which you need to work on. You can combine One-to-One options with any of our other programmes.

Closed Group Courses

We can design special courses of tuition and visits for any group of people who have a common purpose for studying English and are of a similar level. They could be business executives, teachers, bankers, etc. We need detailed specifications of the course objectives and the language level and background of the participants in advance.

One-to-One extra lessons

Students following any of our courses can request extra lessons of individual tuition in advance, or when they are at the school. These lessons will take place in the afternoon and are booked in double lessons.

Visits & Placements

We can organise meetings, visits or placements in organisations working in the same professional field as you. We can put you in touch with local companies for possible future business links. You should apply for such visits when booking your course.

Intensive Courses – Teachers' Programmes

We run Junior courses throughout the year in liaison with non-native English teachers. At their request, we have designed very successful teachers' courses, using our experience in teaching English as a Foreign Language to school-age students. Teachers from all over the world take part in our courses.

Course Contents

We offer courses for Primary, Secondary and Adult teachers (General and Business English) comprising a Main Programme of language-based lessons and a Methodology programme of up-to-date teaching skills of practical use in the classroom. This can include using video, communicative activities and teaching large classes.

After booking your course, you will be sent a list of course options and asked to select those you are most interested in. The course will then be designed to suit the needs of all participants.

A course can be designed to meet the more specific requirements of closed groups of three or more teachers. Programme content can include general methodology or specialised areas such as business English, teaching literature or technical studies. This is particularly useful for colleagues from the same establishment, who can implement and feedback on new techniques on their return to work. See page 13.

Class observations

Teachers on our Teacher Refresher Programmes will have the opportunity to observe the teaching methods covered during the course in a real classroom situation at our Junior School. During term time, we can organise visits to State and Private schools in the area. You should apply for such visits when booking your course.

Information File

Teachers are provided with a useful file of information and materials to take home which will help them put into practice all their new skills and ideas.

Grants

Grants are available from various Education Authorities such as Lingua Grants from the European Commission. Please contact us for further information. You may be able to attend our courses all expenses paid!
